### Conversion of St. Paul the Apostle Jan. 25.

St. Paul never recalled his wonderful conversion, from which have poured forth many blessings, without raptures of gratitude and praise to the Divine and His mercy. The Church, in thanksgiving to God for such a miracle of his grace, to commemorate so miraculous an instance of his almighty power and to propose to penitents a perfect model of a true conversion, has instituted this feast, which we find mentioned in several calendars and missals of the eighth and ninth centuries, and which Pope Innocent III commanded to be observed with great solemnity. As Saul was nearing Damascus, about noon, a light from heaven suddenly blazed round him. Jesus with His glorified body appeared to him and addressed him. An immediate transformation was wrought in the soul of St. Paul. He was suddenly converted to the Christian Faith. He was baptized, changed his name from Saul to Paul, and began travelling and preaching the Faith. He was martyred as an Apostle in Rome around 65 AD.
